The River Road

- We advise everyone to not drive down or up the dangerously steep hill to the river camp but to walk instead. It is an easier and shorter walk than it looks.
- If you or any of your guests do choose to drive down or up that road, you must first accept that you will be liable for anything that should happen to you, your guests and/or your property. We will not be liable for any consequences at all.
- Under no circumstances may you drive without AN EXPERIENCED 4X4 DRIVER IN A PROPER 4x4 IN LOW RANGE, FIRST GEAR and VERY SLOWLY and WITHOUT ANY TRAILER OR ANYTHING ON THE ROOF.
- IT IS A SINGLE-TRACK ROAD. It is your responsibility to always check, before you start, that there is no other vehicle on the road.

The River

- **Bring life jackets for everyone**.
- **Toddlers should wear life jackets all day** as you do not have a completely clear view of the water's edge from the camp. The edges are slippery and steep in places and the water dark brown.
- **All children under 10 should swim in life jackets,** even the good swimmers.
- **Everyone should use a life jacket when canoeing**.
- **Never dive head first off the jetty. Jump feet first near the steps only.**

Please sign the below to acknowledge that you have been advised not to drive on road down the hill to the river camp but to walkinstead and that should you decide not to heed this advice that you and any of your guests will not hold Koensrust Plase (Pty) Ltd, its owners and or its employees responsible for any consequences at all.
