4. Email the documents to at bookings@koensrust.co.za

River Hill Gate Number: 083 225-7073 as of November 2024

The River Road Advice

- We advise everyone not drive down or up the dangerously steep hill to the river camp but to walk instead. It is an easier and shorter walk than it looks.
- You must be able to walk up and down the hill on your own regardless of your decision re driving.
- Under no circumstances may you drive without AN EXPERIENCED 4X4 DRIVER IN A PROPER 4x4, IN LOW RANGE, FIRST GEAR and VERY SLOWLY and WITHOUT ANY TRAILER OR ANYTHING ON THE ROOF.
- IT IS A SINGLE-TRACK ROAD. It is your responsibility to always check, before you start, that there is no other vehicle on the road. Hoot if necessary.
- You may change your mind on arrival and walk and arrange a later portage of your goods.
- We will not under any circumstances transport people down or up the hill except in an extreme medical emergency.

General River Advice

- **Bring life jackets for everyone.**
- **Toddlers should wear life jackets all day.** The edges are slippery + steep + the water is dark brown.
- **All children under 10 should swim in life jackets,** even the good swimmers.
- **Everyone should use a life jacket when canoeing.**
- **Never dive head first off the jetty. Jump feet first near the steps only.**

Please sign below to acknowledge that you have been advised not drive on road down the hill to the river camp but to walk instead and that should you decide not to heed this advice that you and any of your guests will not hold Koensrust Plase (Pty) Ltd, its owners and or its employees responsible for any consequences at all.
